## SUMMARY

Threat Intelligence Analyst with hands-on experience in collecting, analyzing, and contextualizing cyber threat intelligence to support **SOC and enterprise security operations**. Strong expertise in **MITRE ATT&CK**, adversary **Tactics, Techniques, and Procedures (TTPs)**, malware behavior, phishing campaigns, and security log analysis. Experienced in **OSINT-driven intelligence, SIEM monitoring, and incident triage**. Passionate about proactive defense, threat hunting, and protecting large-scale, big-tech security environments.

## EXPERIENCE

- Aguna Solutions** Noida
  - Threat Intelligence Analyst (Full-time)* Jan 2025 - Present
    - Collected and analyzed threat intelligence from OSINT sources to identify emerging threats, malicious IPs, domains, and file hashes:
    - Mapped observed attacker behavior to MITRE ATT&CK techniques to support detection and response strategies:
    - Investigated phishing attempts, brute-force attacks, and web-based attacks using SIEM alerts and log correlation:
    - Analyzed Apache, SSH, FTP, and system logs to detect suspicious activity and validate security incidents:
    - Supported SOC operations by triaging alerts, reducing false positives, and escalating confirmed threats:
    - Created clear threat intelligence reports including indicators, attack vectors, impact, and mitigation steps:
    - Assisted in incident response activities, including containment and post-incident analysis:
    - Analyzed Apache, SSH, FTP, and system logs to detect suspicious activity and validate security incidents:
- Nasscom and Accenture HTD Program** Bengaluru
  - Trainee* Oct 2024 - Dec 2024
    - Solved security CTFs and attack simulation challenges, strengthening understanding of real-world attacker techniques. :
    - Gained hands-on exposure to network security, endpoint security, incident handling, vulnerability assessment, and risk management :
- Gurugram Police Cybersecurity Internship** Gurugram
  - Intern* June 2024 - July 2024
    - Learned about various cybercrime modus operandi, including typosquatting, social engineering, and digital extortion, contributing to the development of preventive strategies:
- Cliffguard Cybersecurity** Remote
  - Intern* Dec 2023 - March 2024
    - Conducting vulnerability assessments and penetration testing to identify weaknesses within the systems and networks:
    - Assisted in the implementation of security measures, resulting in a reduction in potential threats:
    - Researched emerging cyber threats and recommended proactive measures, enhancing over all security posture:

## EDUCATION

- IGNOU University** New Delhi
  - Master's in Information Security* 2025
- Rooman Technologies** Janakpuri, New Delhi
  - Diploma in Cyber Security* 2023
- IGNOU University** New Delhi
  - Bachelor's in Computer Applications* 2022

## SKILLS SUMMARY

- Threat Intelligence & SOC** : Cyber Threat Intelligence (CTI), MITRE ATT&CK & Cyber Kill Chain, Adversary TTP Analysis, OSINT & IOC Enrichment, Threat Hunting (Foundational), Incident Triage & SOC Operations
- SIEM & Log Analysis** : SIEM Monitoring (Splunk ES, Wazuh), Log Analysis: Apache, SSH, FTP, System & Network Logs, Alert Investigation & False Positive Reduction
- Malware, Phishing & DFIR** : Phishing & Email Threat Analysis, Malware Analysis (Basic Static & Behavioral), Digital Forensics & Incident Response (DFIR)
- Security Tools** : SIEM / XDR: Splunk ES, Wazuh, ZeroHack XDR, DFIR: Volatility, Autopsy, Plaso, Guymager, Bulk Extractor, LiME, Network & Testing: Wireshark, Nessus, Nmap, Metasploit, Nikto, Hydra
- Scripting & Querying** : Python (Foundational), Bash (Foundational), SQL
- Operating Systems & Platforms** : Linux (Kali, Ubuntu), Windows, Virtualization (VMware, VirtualBox)
- Frameworks & Compliance** : MITRE ATT&CK, NIST, ISO 27001 / 27002, GDPR, HIPAA, PCI DSS

## PROJECTS

---

- **Threat Intelligence & Log Analysis using Wazuh** : Integrated **Apache and system logs** into Wazuh SIEM for security monitoring. Detected brute-force and suspicious access patterns using correlation rules. Analyzed archived logs to identify attacker IPs and mapped them to ATT&CK techniques.
- **MITRE ATT&CK Adversary Analysis Project** : Studied real-world attack scenarios and mapped **Tactics, Techniques, and Procedures (TTPs)**. Created attacker profiles and defensive recommendations based on observed behavior.
- **Anti-Malware tool for Personal Devices** : (June 2025) Developed a Python-based anti-malware tool for Windows with real-time file monitoring, signature-based detection, and heuristic analysis to identify both known and unknown threats
- **Security Awareness Quiz** : (June 2024) Developed an interactive quiz to enhance security awareness among common people. Improved security awareness by 40 percent as measured by post-quiz surveys.
- **Case Study of Cyber Crimes in India (April - June 2024)**: Conducted an in-depth analysis of prevalent cyber crimes in India, identifying patterns and proposing strategies for effective prevention and mitigation.
- **Hidden Horrors: Comprehensive Reports and Statistics on CSAM (June 2024)**: Analyzed extensive data on CSAM incidents to uncover trends and provided actionable insights for enhancing detection and prevention measures.

## PUBLICATIONS

---

- **Paper: Hidden Horrors published in SSRN** : Hidden Horrors has been in the SSRN top paper list for Cybersecurity, Privacy and Networks(April 2025)

## CERTIFICATIONS

---

- **Foundations of Threat Hunting- Picus Security** : Jan 2026
- **Gold Certificate in Cybersecurity- Nasscom + MEIT (GOI)** : Dec 2024
- **Internship Certificate- Gurugram Police** : July 2024
- **SIEM Fundamentals- Chronicle** : May 2024
- **SOAR Analyst- Chronicle** : May 2024
- **SOAR Fundamentals V6 (SFv6)- Chronicle** : May 2024
- **Connect and Protect: Networks and Network Security- Coursera** : May 2024
- **Play It Safe: Manage Security Risks- Coursera** : Dec 2023
- **Foundations of Cybersecurity- Coursera** : Nov 2023
- **Virtual Internship- MasterCard** : July 2023

## EXTRA- CURRICULAR ACTIVITIES

---

- **Certificate in German Language, Delhi** : 2026
- **Diploma in Nutrition and Health Education, Delhi** : 2025
- **Played the beginner CTF organised by THM Delhi, Delhi** : June 2024
- **Partaking in Cyber Initiative Tokyo, Nikkei, Virtually** : 2023
- **Volunteer Work, YuWaah- India(UNICEF)** : July 2021
- **Volunteer Work, YEF** : July 2021- Aug 2021

## LANGUAGES

---
